

We are happy to announce the advancement of Bruno Carneiro to the position of Manager, Construction. Bruno began his career in Brazil in 2003 where he became a registered engineer working on large heavy civil infrastructure and multi-family developments. His diverse experience in building construction and project management includes a thorough understanding of planning, estimating, scheduling, monitoring and controlling the budget and timeline of complex developments. Since moving to Canada, Bruno completed a MASc in Civil Engineering prior to joining Faction Projects Inc. as a Development Manager. He has been instrumental in the success of several of our most prominent projects. Congratulations Bruno!
